Short shifter	18
Sports suspension kit	19
Performance brake pads	19
Bucket seat	19
Six-point harness	19
Roll-over bar	19
Panamericana sports roll-over bar	19
Porsche Ceramic Composite Brake (PCCB)	19

### Interior 20

Carbon interior	21
Padded leather steering wheel	21
Floor mats	21
Dark burr maple interior	22
Light burr maple interior	22
Aluminium Look interior	23
Door-sill guards	23

### Audio and communication 24

PCM	25
Passive handset for telephone module	25
Telephone module for PCM	25
TrafficPro navigation system	26
Porsche high-performance audio system	26
CDC-4 CD autochanger	26
Porsche audio systems	27

### Safety 28

Porsche child seats	28
Child seat insert	29
Rain sensor	29
Automatically dimming interior and exterior mirrors	29
Airbag deactivation unit	29

### Touring 30

Roof transport system	30
Racing bike carrier	31
Bike carrier	31
Roof box	31
Ski/snowboard carrier	31

### Car care 32

Indoor car cover	32
Outdoor car cover	33
Hardtop carrier	33
Wind deflector (Cabriolet)	33
Hardtop cover	33
Design key	33
Porsche Charge-o-mat II	33
Rechargeable torch	34
Wheel cleaning kit	34
Interior care kit	34
Tool kit	34
Ice scraper	34
Car-care case (Coupé/Cabriolet)	34

### Service 35

## Equipment

The Porsche 911 was originally conceived as the ultimate expression of freedom and individuality. To apply that concept throughout the life of each car, we created the Porsche Equipment accessory programme. Each Equipment product meets the same high standards of design, quality and functionality that you'd expect from Porsche.

With our latest collection of accessories, you'll find the options you need to create the perfect Porsche 911. As you will see, the possibilities extend to virtually every area of the car. While there are many changes we can make to your Porsche, one thing stays the same: whatever modifications and enhancements we carry out, your vehicle warranty is unaffected.

All Equipment accessories are, of course, exclusively designed and tested by Porsche. They are also engineered for the respective models and come with full technical approval.

All of which means, whatever changes you make, your Porsche remains a Porsche.

## Exterior

### **Minimising lift, minimising drag. For maximum exhilaration.**

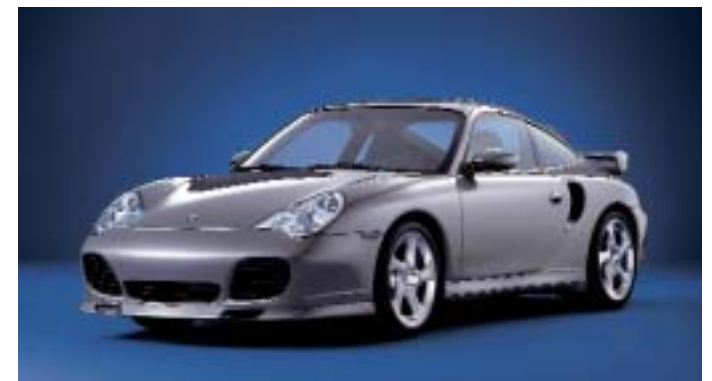

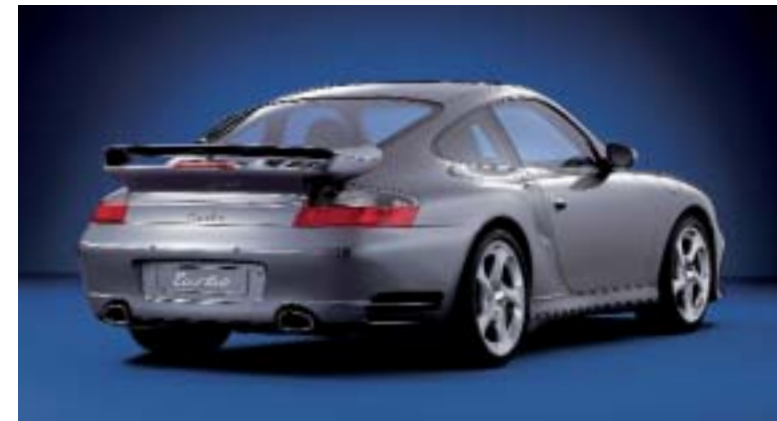

The Porsche 911 is widely acknowledged as one of the most elegant vehicles on the road. With Porsche Tequipment, we've developed a comprehensive range of aerodynamic accessories to complement those famous lines.

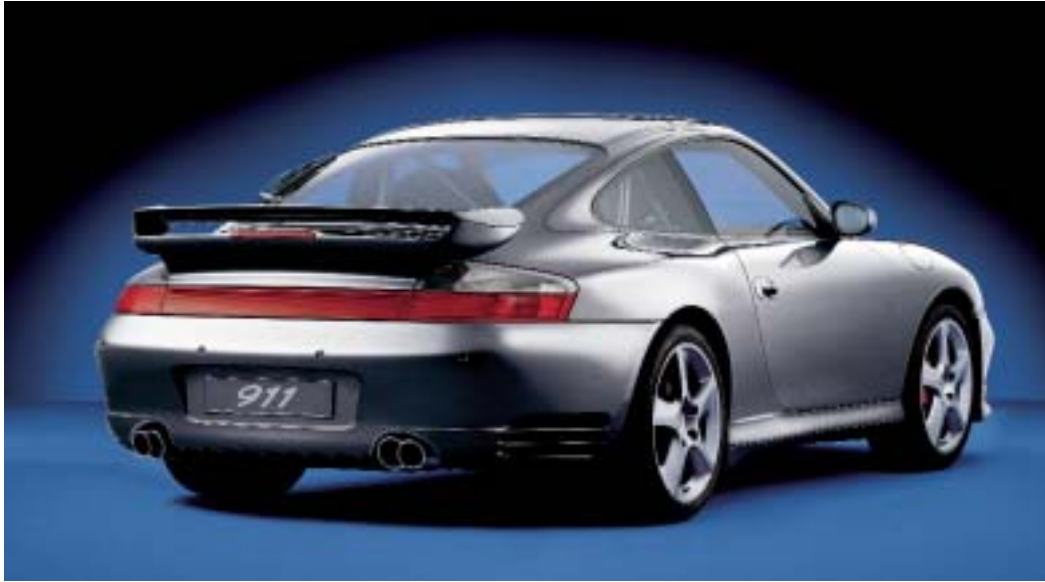

More importantly, of course, each aero package helps to maximise the front and rear downforce on the car while minimising aerodynamic drag. The result is a more balanced and stable ride, with even greater mid-corner grip.

### ► **Aerokit Turbo**

Continuous evolution is a key Porsche design principle – no matter how accomplished the car. With the Aerokit Turbo, you can optimise handling on the 911 Turbo Coupé models for even the most challenging track conditions. The lightened rear lid offers a considerable weight saving over the standard engine cover. The fixed rear spoiler incorporates a high-level third brake light and signals the car's potential. For reasons of safety, the distinctive rear lid and spoiler unit must be fitted in conjunction with the matching front lip spoiler.

Available for 911 Turbo Coupé and 911 Turbo S Coupé only:  
part no. 000 044 801 99

**▲ Aerokit Carrera 4S**

Specially developed in the Porsche wind tunnel, the Aerokit Carrera 4S combines enhanced aerodynamics with powerful, stylish design. The modified front lip spoiler and light-weight rear wing help to minimise front and rear lift. Largely derived from the 911 Turbo, the kit has been carefully designed to incorporate the wideband reflector that is one of the key exterior features of the 911 Carrera 4S. The result is a car that is both highly distinctive and instantly recognisable as a 911 Carrera 4S.

Front and rear elements may not be fitted separately.

Available for 911 Carrera 4S Coupé only:  
part no. 000 044 802 29

**▲ Aerokit Cup II  
(911 Carrera Coupé from 08/01)**

Wind tunnel-developed for competition use, the Aerokit Cup II augments the updated performance of the 911 Carrera Coupé (08/01

onwards). The kit consists of a modified front apron, matching side skirts, and a distinctive fixed rear spoiler. Performance benefits include a consistent reduction in front and rear aerodynamic lift.

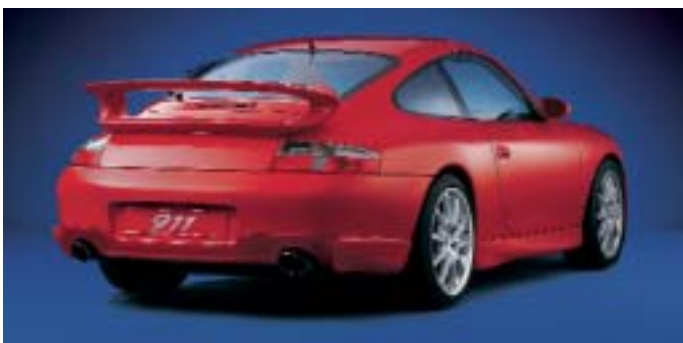

Front and rear elements may not be fitted separately.

Part no. 000 044 802 02

► **Aerokit Cup**

**(911 Carrera Coupé up to 07/01)**

The Aerokit Cup is another wind-tunnel development offering a major reduction in front and rear lift. The kit consists of a revised front apron with integral lip and spoiler arrangement, matching side skirts, and a bi-plane rear wing in place of the standard electrically operated spoiler.

Front and rear elements may not be fitted separately.

Part no. 000 044 801 02

▲ **GT side trims**

**(911 Carrera up to 07/01)**

These rear trim elements are the perfect complement to the Aerokit Cup. Blending harmoniously with

the overall design, they provide a subtle addition to the athletic rear styling on the 911 Carrera.

Left: part no. 996 505 977 00

Right: part no. 996 505 978 00

◀ **Aerokit Carrera**

**(911 Carrera up to 07/01)**

Enhance the appeal of your Coupé or Cabriolet with the stylish Aerokit Carrera. The modified front section has an integral spoiler element while the fixed rear wing includes a high-level third brake light unit.

Aerokit Carrera with side elements (front spoiler, rear spoiler, side skirts and GT side trims): part no. 000 044 801 89

Aerokit Carrera without side elements (front spoiler, rear spoiler): part no. 000 044 801 90

Carrera side elements (side skirts and GT side trims): part no. 000 044 801 54

▲ **Carrera rear spoiler**

The Carrera rear spoiler offers a range of benefits on all Coupé, Cabriolet and 911 Targa models. As well as improving aerodynamic performance, the fixed rear wing

is a more purposeful alternative to the standard electrically operated spoiler. To ensure optimum balance between front and rear, all post-07/01 models are also fitted with a front lip spoiler element.

Rear spoiler for 911 Carrera up to 07/01: part no. 996 512 903 00 G2X  
Rear spoiler and front lip spoiler for 911 Carrera from 08/01: part no. 000 044 802 04

▼ **Fuel filler cap with Aluminium Look finish**

Inspired by the filler caps on historic racing cars, this elegant accessory features an engraved Porsche logo and can be safely tethered to the car. Suitable for all 911 models.

Part no. 997 201 980 00

▼ **Carrera side skirts**

Aerodynamic and visual enhancement for all 911 Carrera models from 08/01.

Part no. 000 044 802 15

# Wheels

**Reducing weight, enhancing design. For optimum handling and style.**

Wheel design is one of the most important considerations when it comes to personalising your Porsche. Not only do they provide the link with the road, they're also crucial to the appearance of your car.

The Porsche Tequipment programme includes a wide selection of wheels ranging from classic elegance to powerful, athletic design. Each is approved for high-performance driving, including racetrack use.

**▲ 18-inch SportTechno wheels**  
One-piece alloy wheel featuring powerful yet lightweight hollow-spoke design and generous 18-inch diameter. The smooth open surfaces are easy to clean and enhance the appearance of

your Porsche. Winner of the iF Design Award 2003.

**▼ 18-inch SportDesign wheels**  
Two-piece, 10-spoke alloy wheel originally developed for the 911 GT3 (1999). Outer rim features an elegant high-gloss finish.

See page 14 for wheel and tyre dimensions.

▲ **18-inch Turbo Look II wheels**

Distinctive, one-piece alloy wheel derived from the 911 Turbo (Type 996). The striking turbine-blade spoke design evokes power and dynamism even when the car is stationary.

▼ **18-inch Carrera wheels**

This elegantly sculpted five-spoke alloy wheel offers a near-unrestricted view of the high-performance brake calipers and discs.

Despite its monobloc construction, the wheel is almost as light as a hollow-spoke design.

See page 14 for wheel and tyre dimensions.

▲ **18-inch GT3 wheels**

The 18-inch GT3 alloy wheel uses a tough yet lightweight 'flow-formed' construction to achieve a further reduction in unsprung weight. The open-spoke design

helps to maximise brake performance by enhancing heat dispersal.

► **18-inch Carrera wheels with high-gloss finish**

This high-gloss alloy wheel offers an elegant combination of design and finish.

See page 14 for wheel and tyre dimensions.

Wheel set	Wheel dimensions (offset (ET) in mm)	Tyre dimensions	Part number (set of 4 wheels)
 <b>18-inch SportTechno</b>	Front: 8J x 18 ET 50 Rear: 11J x 18 ET 63	225/40 ZR 18 295/30 ZR 18	000 044 601 11 <sup>2</sup>
 <b>18-inch SportDesign</b>	Front: 8J x 18 ET 52 Rear: 10J x 18 ET 65	225/40 ZR 18 285/30 ZR 18	000 044 601 09 <sup>1</sup>
 <b>18-inch Turbo Look II</b>	Front: 8J x 18 ET 50 Rear: 10J x 18 ET 65	225/40 ZR 18 285/30 ZR 18	000 044 601 08 <sup>1</sup>

 <b>18-inch Carrera with high-gloss finish</b>	Front: 8J x 18 ET 50 Rear: 10J x 18 ET 65	225/40 ZR 18 285/30 ZR 18	000 044 601 07 <sup>1</sup>

Each set includes four wheels (without tyres). Please consult your Porsche Centre for information on tyre fitting.

If your vehicle documentation does not include recommended wheel and tyre specifications, please consult your Porsche Centre.

Note: wheel centres not included.

<sup>1</sup> Approved for fitting on 911 Carrera, 911 Carrera 4 and 911 Targa models only. Compatible with 5-mm spacers on front and rear axles.

<sup>2</sup> Also approved for fitting on 911 Carrera 4S, 911 Turbo and 911 Turbo S models in conjunction with 17-mm spacers on rear axle.

Please contact your Porsche Centre for more information on fitting.

#### ▼ Snow chains

Specially designed for Porsche vehicles, these low-profile chains feature ultra-fine links for minimal adhesion of ice and snow.

Snow chains for tyre size 225/45 R 17:  
part no. 996 361 920 01  
Snow chains for tyre size 255/40 R 17:  
part no. 996 361 921 00  
Snow chains for tyre size 265/35 R 18:  
part no. 996 361 922 00

#### ▼ Crested valve caps

Set of four rubber valves with silver-coloured sleeves and embossed Porsche Crest.

Part no. 000 044 600 00

#### ▼ Wheel centre set

Concave wheel centres with Porsche Crest.

Set of four for silver-finish wheels:  
part no. 000 044 600 12  
Single wheel centre for 18-inch Carrera wheel with high-gloss finish:  
part no. 996 361 303 12

#### ▼ Spacers

Widen the track on the front and rear axles to enhance the appearance of your Porsche. Centring elements on either side of each spacer ensure a

#### ▼ Anti-theft wheel protection

Set of four steel bolts for alloy wheels with anti-theft protection.

For vehicles without wheel spacers:  
part no. 996 361 057 02  
For vehicles with 5-mm wheel spacers:  
part no. 996 361 980 02

Set of four aluminium wheel nuts with anti-theft protection.  
For vehicles with 17-mm wheel spacers:  
part no. 993 361 057 00

perfect union with wheel and hub.

The 5-mm set includes anti-theft wheel bolts, while the 17-mm set comes with the requisite wheel nuts.

4 x 5 mm: part no. 000 044 500 09  
2 x 17 mm: part no. 000 044 500 10

▼ **Four-tube sports tailpipes**

Chrome-plated sports tailpipes with striking four-tube design. Suitable for 911 Carrera 4S, 911 Turbo and 911 GT2.

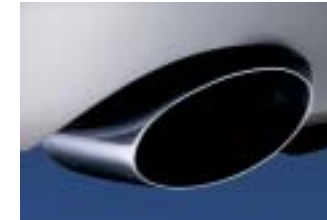

911 Carrera 4S:  
 Left: part no. 996 111 981 03  
 Right: part no. 996 111 982 03  
 911 Turbo, 911 Turbo S, 911 GT2:  
 Left: part no. 996 111 981 01  
 Right: part no. 996 111 982 01

▼ **Oval-tube sports tailpipes**

Chrome-plated tailpipes featuring elliptical cross-section. Suitable for all 911 Carrera models up to 07/01.

Left: part no. 996 111 981 00  
 Right: part no. 996 111 982 00

▼ **Four-tube sports tailpipes**

Chrome-plated sports tailpipes with striking four-tube design. Suitable for 911 Carrera and 911 Targa from 08/01.

Left: part no. 996 111 981 02  
 Right: part no. 996 111 982 02

# Sport

**Every Porsche has power in reserve. Release it with Porsche Tequipment.**

The engine and chassis on the standard 911 make this one of the most capable vehicles on the road. Yet no matter how well we build our cars, we always strive to improve.

Porsche Tequipment has a wide range of options to help you explore the potential of your car. Each is designed to maximise your enjoyment – without compromising on safety.

► **Sports exhaust system**

Specially developed for the 911 Carrera (Type 996), this sports exhaust system provides an even richer and more powerful sound. Special features include a sound-proofing switch, enabling you to reduce noise output to standard levels when required.

911 Carrera, 911 Carrera 4S, 911 Targa:  
 part no. 000 044 200 21

### ▲ Powerkit Carrera

The Powerkit Carrera raises maximum power output from 221 kW to 235 kW on all 911 Carrera models up to 12/00. A similar package is available for the 911 Carrera from 08/01, boosting the standard 235 kW output to 254 kW. Special features include a new alloy induction manifold, modified cylinder heads, exhaust manifolds and camshafts, and revised engine

### ► Short shifter

This short-throw gearshift offers a reduction in lever travel of approximately 35%. Precision engineered for fast and accurate selection, the result is a more dynamic driving experience. Available for all 911 models from 01/98 (except 911 GT3, 911 GT2 and 911 GT3 RS), it can be combined with all aluminium, wood and

carbon trim options from Porsche Tequipment. Note: some slight resistance during gearshifts may

management software. The additional power ensures greater active safety with even greater enjoyment from your Porsche.

911 Carrera, 911 Carrera 4S and 911 Targa from 08/01 (manual gearbox only): part no. 000 044 100 15

#### 911 Carrera Coupé (manual)

##### Fuel consumption in l/100 km (mpg):

Urban	19.2 (14.7)
Extra urban	8.8 (32.1)
Combined	12.6 (22.4)
<b>CO<sub>2</sub> emissions in g/km:</b>	302

#### 911 Carrera 4 Coupé (manual)

##### Fuel consumption in l/100 km (mpg):

Urban	19.5 (14.5)
Extra urban	9.3 (30.4)
Combined	13.0 (21.7)
<b>CO<sub>2</sub> emissions in g/km:</b>	312

#### 911 Carrera 4S Coupé (manual)

##### Fuel consumption in l/100 km (mpg):

Urban	17.4 (16.2)
Extra urban	8.7 (32.5)
Combined	11.8 (23.9)
<b>CO<sub>2</sub> emissions in g/km:</b>	286

911 Carrera up to 12/00 (manual gearbox only; not approved for USA, Canada, Taiwan and Japan): part no. 000 044 100 09

Additional components vary according to respective model year. See technical information bulletin for details.

#### up to 12/00

#### from 08/01

#### up to 12/00

#### from 08/01

#### from 08/01

be experienced when the vehicle is started from cold.

Part no. 000 044 700 26

### ▲ Sports suspension kit

Combines shorter and stiffer springs with thicker anti-roll bars (front and rear) plus firmer bump and rebound on all four dampers. Ride height is lowered by 10, 20 or 30 mm (depending on model).

Please consult your Porsche Centre for part numbers.

### ▲ Performance brake pads

Specially formulated for greater stability over a wider range of temperatures compared with standard pad compounds. Other benefits include exceptional wear resistance during extended racetrack use.

Front: part no. 996 351 980 00  
Rear: part no. 996 352 980 00

### ▲ Bucket seat

Genuine Porsche competition seat in FIA-compliant fabric or leather.

Please consult your Porsche Centre for part numbers.

### ▲ Six-point harness

Used in conjunction with the optional roll-over bar and bucket seat, this six-point racing harness provides maximum protection during competition use. Must be exchanged for standard three-point belt when vehicle is used on public roads.

Left seat: part no. 996 803 037 91  
Right seat: part no. 996 803 038 91  
Cross brace for attaching harness: part no. 996 521 933 90

### ▲ Roll-over bar

High-quality stainless steel roll-over system offering greater occupant safety and vehicle rigidity. Includes installation kit and cross brace for attaching a six-point harness.

Coupé models: part no. 996 580 981 00  
Cabriolet models: part no. 996 580 984 00

### ▲ Panamericana sports roll-over bar (Coupé models only)

Easily installed, this high-precision system offers additional roll-over protection.

Part no. 996 580 980 00

### ▲ Porsche Ceramic Composite Brake (PCCB)

Carbon fibre-based ceramic disc system offering powerful and consistent deceleration. A key advantage over conventional cast-iron discs is the total weight saving of approximately 50%. Includes six-piston calipers at front.

911 Carrera 4S, 911 Turbo, 911 Turbo S: part no. 000 044 600 60  
911 GT2: part no. 000 044 600 61  
911 GT3 (from 04/03): part no. 000 044 600 62

# Interior

**Blending colours, options and materials. For the perfect driving environment.**

There's nothing mass-produced about the Porsche 911 – as anyone who has ever driven one will know. With Porsche Tequipment, you can develop that individuality while enhancing the car's comfort and sporting appeal. On the following pages, you'll find a selection of products that evoke the car's racing origins. Options range from carbon fibre or Aluminium Look trim on the dashboard and centre console to door-sill guards in matching carbon fibre or stainless steel.

For a more natural alternative to these high-tech materials, there's the classic ambience of genuine burr maple. Whichever you choose, the result is the same: your own personal interpretation of the perfect Porsche 911.

## ► Carbon interior

Carbon fibre is an extremely tough yet lightweight material used extensively in the world of motorsport. Now you can apply this distinctive blend of race technology and high-tech design to the interior of your 911. The following features can all be finished with genuine carbon-fibre trim:

Instrument surround:  
LHD vehicles:  
part no. 000 044 801 07  
RHD vehicles:  
part no. 996 552 971 07

Dashboard trim:  
Vehicles without PCM up to 07/01:  
part no. 000 044 801 30  
Vehicles with PCM up to 07/01:  
part no. 000 044 801 31  
Vehicles from 08/01:  
Please consult your Porsche Centre for part numbers.

Door trim: part no. 000 044 801 04

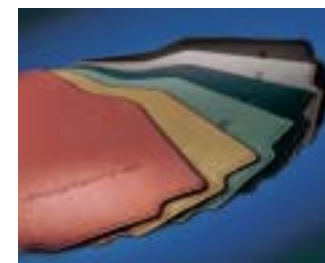

Rear centre console: part no. 000 044 800 99

Steering wheel, gear lever, Tiptronic S gear selector and handbrake lever:  
Please consult your Porsche Centre for part numbers.

## ► Padded leather steering wheel (excluding airbag module)

This generously upholstered black leather wheel combines elegant design with tactile appeal. Additional padding expands the wheel diameter by approximately 2.4 mm to achieve optimum grip characteristics.

Part no. 000 044 400 21 A28 (manual)  
Part no. 000 044 400 20 A28 (Tiptronic S)

## ◀ Floor mats

Set of high-quality velour floor mats tailored to your Porsche in a choice of matching colours. Each mat features a non-slip, waterproof rubber backing and is secured using Velcro fasteners.

LHD vehicles:  
part no. 000 044 800 84 + colour code  
RHD vehicles:  
part no. 000 044 800 85 + colour code

911 Carrera Cabriolet and 911 Targa from 08/01 with BOSE® Sound System:  
LHD vehicles:  
part no. 000 044 802 03 + colour code  
RHD vehicles:  
part no. 000 044 802 14 A10

### ► Dark burr maple interior

The distinctive grain of classic burr maple adds a welcoming ambience of warmth and sophistication to the interior of your 911. The following trim options are available:

Instrument surround:  
LHD vehicles:  
part no. 996 552 971 04  
RHD vehicles:  
part no. 996 552 971 05

Dashboard trim:  
Vehicles without PCM up to 07/01:  
part no. 000 044 801 34  
Vehicles with PCM up to 07/01:  
part no. 000 044 801 35  
Vehicles from 08/01:  
Please consult your Porsche Centre  
for part numbers.

Door trim: part no. 000 044 801 06

Rear centre console: part no. 000 044 801 77

Steering wheel, gear lever, Tiptronic S gear selector and handbrake lever: Please consult your Porsche Centre for part numbers.

### ▲ Light burr maple interior

This elegant wood trim offers a tasteful addition to any 911 interior. The following trim options are available:

Instrument surround:  
LHD vehicles:  
part no. 996 552 971 02  
RHD vehicles:  
part no. 996 552 971 03

Dashboard trim:  
Vehicles without PCM up to 07/01:  
part no. 000 044 801 32  
Vehicles with PCM up to 07/01:  
part no. 000 044 801 33  
Vehicles from 08/01:  
Please consult your Porsche Centre  
for part numbers.

Door trim: part no. 000 044 801 05

Rear centre console:  
part no. 000 044 801 78

Steering wheel, gear lever, Tiptronic S gear selector and handbrake lever: Please consult your Porsche Centre for part numbers.

### ▲ Aluminium Look interior

Evoke the racing origins of the Porsche 911 with this stylish Aluminium Look trim.

Instrument surround:  
LHD vehicles:  
part no. 000 044 802 21  
RHD vehicles:  
part no. 000 044 802 22

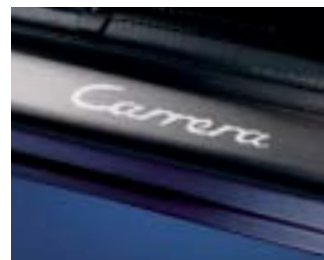

Dashboard trim:  
Side air vents (left/right):  
part no. 000 044 802 16 + colour code (in leather)  
part no. 000 044 802 17 (in soft-touch paint)

Centre air vent (911 Carrera from 08/01 only):  
part no. 996 552 951 00 + colour code

Door trim (left/right): part no. 000 044 802 18

Rear centre console: part no. 000 044 802 25

Steering wheel, gear lever, Tiptronic S gear selector and handbrake lever: Please consult your Porsche Centre for part numbers.

### ◀ Door-sill guards

These stylish accessories offer additional protection for the door-sill area on your Porsche. Available in a choice of carbon or stainless steel with Carrera, Targa, Turbo, GT2, GT3 or Carrera 4S logo.

Please consult your Porsche Centre for part numbers.

# Audio and communication

**The 911 engine is a masterful composition. Choose the perfect accompaniment.**

The Equipment collection of in-car systems is uniquely tailored to your Porsche. Intelligent navigation is combined with advanced mobile communications to keep you on time and in touch – wherever you go. Increasingly indispensable in today's road traffic, this powerful technology is augmented by a range of high-end audio systems. The result: a more relaxing and enjoyable drive.

On vehicles built up to 07/02, all system components are linked using conventional analogue technology. On those produced from 08/02 onwards, some audio and communications systems (depending on specification) may be linked using MOST® bus technology. This innovative digital network uses the latest fibre-optics to achieve high-speed data transfer with no loss of quality en route.

## ▲ PCM

Porsche Communication Management features a built-in CD drive (for both audio and navigation CDs), a high-resolution 5.8-inch colour display with 16:9 screen ratio, and a satellite navigation module. The GPS system uses an integrated antenna to establish your position before calculating the route to your chosen destination. It can also provide a range of alternative routes using the TMC (Traffic Message Channel) service currently available in some countries. System menus are easily navigable using a

single multi-function rotary control. The integrated audio system features RDS two-tuner frequency diversity as well as 20 FM and 20 MW presets. Navigation CDs included.

For vehicles from 08/02 with MOST® bus technology:  
part no. 000 044 900 69

## ▲ Passive handset for telephone module

This keyless handset enables clearer communication as well as greater privacy when making a call.

Only available in conjunction with PCM and the telephone module for PCM.

For vehicles from 08/02:  
LHD:  
part no. 000 044 900 73  
RHD:  
part no. 000 044 900 75

## ▼ Telephone module for PCM

Enjoy excellent call quality through PCM with this dual-band telephone module (900 and 1,800 MHz). Calls are made using the 12-digit keypad on the PCM terminal.

For vehicles from 08/02 with PCM:  
LHD:  
part no. 000 044 900 71  
RHD:  
part no. 000 044 900 74

### ► TrafficPro navigation system

This compact system offers a comprehensive range of functions as well as full road network data for 13 European countries on a single CD-ROM. The high-resolution dot-matrix display combines excellent quality and functionality. Route guidance instructions are provided in graphical and spoken form via the dot-matrix display and standard audio speakers. Output is available in English, French, German, Italian, Dutch, Swedish and Spanish. In some countries, the system's dynamic route guidance capability enables you to anticipate and avoid congestion. Easy fitment comparable with conventional audio system.

For vehicles without MOST® bus technology:  
part no. 000 044 900 77

### ▼ Porsche high-performance audio system

This exclusive, high-end audio system offers an exceptional sound experience. The generous 2x 160-Watt (2 Ohm) output combines with enhanced bass reproduction to offer a unique depth and clarity of sound. Specially engineered for the car's interior acoustics, the twin high/mid-range modules and elegantly sculpted bass door speakers form an integral part of the passenger compartment.

For vehicles without MOST® bus technology:  
part no. 000 044 900 42

### ▼ CDC-4 CD autochanger

This six-disc CD autochanger is fully compatible with all Porsche audio systems and PCM. Ultra-compact, it installs neatly inside the luggage compartment and is operated using the standard audio system or PCM controls.

For vehicles from 08/02  
(with MOST® bus technology):  
part no. 000 044 900 72

### Porsche audio systems

All Porsche audio systems for vehicles without MOST® bus technology are protected by a security code. They also feature a removable front panel and flashing LED. The LED is automatically enabled whenever the ignition key is removed. Each system package includes a high-quality 4x 18-Watt amplifier unit. The speed-dependent volume control is active up to 250 km/h (155 mph), ensuring consistent audio output. The TrafficPro navigation system uses DAS (Dynamic Autostore) to display all available stations along with their RDS codes. The dot-matrix screen offers a choice of positive or negative display for optimum legibility under all light conditions.

For vehicles up to 07/02:  
TrafficPro navigation system:  
part no. 000 044 900 77  
CR-22 radio cassette:  
part no. 000 044 901 00

Features	CR-22	TrafficPro	PCM
<b>MOST® bus technology.</b>	-	-	x
<b>DAS (Dynamic Autostore):</b> Softkey display of all available stations listed by reception quality. Can also be used to display programme information alongside station code.	-	x	-
<b>NBC (Next Best Chain) station presets:</b> In NBC mode, the 10 softkey buttons present the 10 strongest stations for selection. The name of the strongest station is permanently displayed, while those assigned to keys 2 to 0 can be viewed by pressing and holding the corresponding key.	10	-	-
<b>Mid-range display:</b> Taller, expanded display with additional icons as well as segments for NBC and mode functions.	x	-	-
<b>High-end display:</b> Dot-matrix display with 207 x 32 pixels. Enhanced display capability for audio functions.	-	x	-
<b>5.8-inch colour display.</b>	-	-	x
<b>Volume/balance/fader/treble/bass display.</b>	Numerical	Graphical	Graphical
<b>Station presets by waveband:</b> Enhanced preset memory for all models.	<b>FM</b> 20 <b>MW</b> 10 <b>LW</b> 10 <b>SW</b> -	20 10 10 10	20 20 -
<b>DAS (Dynamic Autostore) station presets:</b> Stores chains of up to six main and nine regional stations.	-	27	-
<b>RDS Diversity:</b> Two FM tuners and two RDS decoders enable seamless switching between alternative frequencies for any selected station. The background tuner constantly searches for the best available signal at any given location. The second FM tuner can then switch to a better alternative frequency without any interruption in output. With RDS Diversity, you can also receive the latest traffic bulletins from any available station.	-	x	x
<b>RDS PTY (Programme Type):</b> Some radio stations include a code in their broadcasts which identifies the programme type (e.g., sport, classical or pop). Equipped with PTY, a system can be configured to automatically search for preferred programme types.	x	x	x
<b>RDS Radio text.</b>	-	x	x
<b>Dynamic route guidance:</b> Automatic processing of traffic news bulletins received via Traffic Message Channel (TMC) enables you to drive around congestion as it happens.	-	x	x

**Child seat insert (not shown)**

Specially designed for the Porsche Baby Seat ISOFIX (G 0+), this matching seat insert offers additional head support for newborns.

Part no. 955 044 800 58

**Rain sensor (not shown)**

This compact sensor is located in the front windscreen glass, providing automatic adjustment of the wiper interval.

Part no. 996 612 981 00

**▲ Automatically dimming interior and exterior mirrors**

The interior mirror is equipped with an optoelectronic sensor, which monitors light from following vehicles. If the light increases, all three mirrors are automatically dimmed to prevent dazzling.

Interior mirror: part no. 000 044 801 46

Exterior mirrors for vehicles with driver memory: part no. 000 044 801 52  
without driver memory: part no. 000 044 801 03

**▲ Airbag deactivation unit**

Automatically disables the front and side airbags on the front passenger's seat when a Porsche child seat is fitted. System is activated when the plug-in connector on the child seat is inserted.

Must be installed by your Porsche Centre.

Part no. 996 803 083 02

# Safety

**Enhancing protection.  
For greater peace of mind.**

Your 911 is not only one of the most powerful cars on the road, it is also one of the safest. With Porsche Tequipment, you can make it safer still – for every age of occupant.

**► Porsche child seats**

Our comprehensive range of ergonomically designed child seats offer safety, comfort and maximum freedom of movement for children up to 12 years of age. Specifically designed for use in your Porsche, each seat can be fitted quickly and easily using the standard three-point belts.

Child seats	Model	Group	Weight	Age	911 front	911 rear
	<b>Porsche Baby Seat ISOFIX, G 0+</b> Part no. 955 044 800 42	0+	0–13 kg	0–18 months	Yes*	No
	<b>Child seat insert (not shown)</b> Part no. 955 044 800 58					
	<b>Porsche Junior Seat ISOFIX, G 1 + G 2</b> Part no. 955 044 800 44	1 + 2	9–25 kg	9 months–7 years	Yes*	Yes
	<b>Porsche Plus, G 2 + G 3</b> Part no. 955 044 801 02	2 + 3	15–36 kg	3½–12 years	Yes*	Yes

\* May be used on front passenger's seat only in conjunction with airbag deactivation unit (available separately).

# Touring

Explore the possibilities.

The Porsche 911 is a thoroughbred sports car, yet surprisingly practical in everyday use.

With our elegant and flexible roof transport system, you can instantly expand its already generous load-carrying capability. You will also discover that uncompromising performance means you never have to compromise on luggage.

## ▲ Roof transport system

Choose from three base systems for Coupé, Cabriolet and Targa models. Each can be combined with a range of attachments for various types of load up to a maximum of 75 kg. All three systems come with security caps and locks for optimum anti-theft protection.

Coupé: part no. 996 801 105 00  
 Cabriolet (except 911 Carrera 4S/  
 911 Turbo/911 Turbo S Cabriolet):  
 part no. 996 801 055 00  
 911 Targa: part no. 996 801 065 00

## ◀ Racing bike carrier

Specially designed for secure transportation of racing bikes.

Not suitable for bikes with front suspension.

Part no. 000 044 000 52

## ◀ Bike carrier

Lockable carrier for standard adult bikes up to a maximum frame-tube diameter of 85 mm. As many as three carriers can be mounted on roof transport system.

Part no. 955 044 00 66

## ▲ Ski/snowboard carrier

For up to four pairs of skis or two snowboards.

Part no. 955 044 000 23

For up to six pairs of skis or four snowboards.

Part no. 955 044 000 24

## ◀ Roof box

Lockable plastic roof box with 310-litre capacity and integrated ski-holder system. Can be opened from either side of the vehicle.

Part no. 955 044 000 47

# Car care

## Protecting your passengers – and your Porsche.

Enjoy pure performance and driving pleasure through every month of the year. With Porsche Tequipment, you can choose from a range of car-care products and useful garage accessories. With them, you can look forward to all weather conditions – as well as lasting enjoyment from your Porsche.

### ▲ Indoor car cover

Indoor cover made from breathable, antistatic fabric. Full-colour Porsche Crest and logo.

911 Coupé, 911 Cabriolet, 911 Targa und 911 Carrera 4S: part no. 000 044 000 77

911 Coupé with Aerokit Cup, 911 GT3: part no. 000 044 000 34

911 Turbo, 911 Turbo S, 911 Coupé/ 911 Cabriolet with Aerokit Carrera: part no. 000 044 000 50

911 GT2, 911 Turbo/911 Turbo S with Aerokit Turbo, 911 Carrera with Aerokit Cup II, 911 Carrera 4S with Aerokit Carrera 4S: part no. 000 044 000 57

### Outdoor car cover (not shown)

Tailored outdoor cover in silver fabric with Porsche Crest and logo. Water-repellent, it provides excellent protection against a range of external influences, including solar radiation. Includes anti-theft protection.

For vehicles without fixed rear spoiler: part no. 000 044 000 82

### ▲ Wind deflector (Cabriolet)

Folding deflector used to minimise turbulence in the passenger compartment and protect luggage stowed in the rear seat area. Easily detachable when not required, it stows neatly away in the luggage compartment in a special protective sleeve.

911 Carrera: part no. 000 044 801 45  
911 Carrera 4: part no. 000 044 801 64

### ▲ Design key

Stylish key body with full-colour Porsche Crest and illuminated 911 logo. Please consult your Porsche Centre for remote-control programming and key-blade replacement.

Available for 911 Coupé (Type 996) only: part no. 000 044 000 83

### ▼ Hardtop carrier

Robust and compact storage system with four castor wheels for easy manoeuvrability. Dismantles quickly and easily for transport inside all 911 Cabriolet (Type 996) models.

Part no. 000 044 000 59

### ▼ Hardtop cover

Tailored cover made from breathable, antistatic fabric.

Part no. 000 044 000 45  
Wall storage system for hardtop: Part no. 000 044 000 39

### ▼ Porsche Charge-o-mat II

Battery charging and monitoring device with long-term trickle function (can be left unattended for several months). Special adapter required for vehicles without cigarette lighter.

Part no. 955 044 900 17  
Part no. 955 044 900 16 (GB)  
Adapter: part no. 000 043 202 55

#### ▲ Rechargeable torch

Handy torch with fold-out magnifying lens. Rechargeable via cigarette lighter.

Part no. 000 044 900 79

#### ▲ Interior care kit

Includes velour cleaner for carpet, floor mats and fabric seats, leather cleaner and conditioner, interior glass cleaner, synthetic surface polish plus a range of cleaning accessories.

Part no. 955 044 000 53

#### ▲ Ice scraper

Practical winter accessory featuring aluminium telescopic handle enabling easy removal of ice and snow. Integral rubber lip for removing water.

Part no. 955 044 000 02

#### Porsche Financial Services

We've developed a range of innovative financial services, carefully tailored to the needs of Porsche owners, including competitive finance and leasing schemes, insurance and the Porsche Card.

#### Porsche Used Car Programme

The Porsche Used Car Programme is designed to help you find the very finest examples of pre-owned Porsche vehicles. Each car is rigorously tested to the highest Porsche standards and comes with comprehensive warranty cover.

#### Porsche Exclusive

With our factory-fitted personalisation programme, you can now create your perfect Porsche. In terms of styling, specification or both. All modifications are uniquely handcrafted for your car.

#### ▲ Wheel cleaning kit

Care products and brush set for Porsche alloy wheels. Cleaning fluid also available separately.

Part no. 000 043 202 24

#### ▲ Tool kit

A selection of useful tools for home and car in a high-quality leather case.

Part no. 955 044 000 01

#### ▲ Car-care case (Coupé/Cabriolet)

Aluminium case containing a selection of quality car-care products specially approved for your Porsche. Includes shampoo, wax, interior and exterior glass cleaner, paintwork polish, insect remover and synthetic surface polish. All products are also available separately.
